

CEU Professorial and CEU Visiting Research Fellowships

Deadline for applications academic year 2010-2011: *5th January 2010*

<http://web.ceu.hu/sep/spo/fellowships.html>

The program is designed to increase *exchange between scholars* of the region and Central European University, and to promote original research, which can be of practical benefit to a particular country or region.

The program supports two types of Research Fellows.

CEU Professorial Research Fellows hold a full professorship, and are academics of established (preferably national) standing within their discipline.

CEU Visiting Research Fellows are academics who have made a contribution to their discipline through publications, conference presentations, or other academic forums. Fellows are supported for a period of *from one to six months,* depending upon the type of research being undertaken.

CEU Visiting Fellows will receive \$900 per month, and CEU Professorial Fellows — \$1500 per month. Both types of Fellowship cover accommodation and travel costs to/from Budapest (up to a maximum limit and after approval from the program coordinator), during the period of the Fellowship, and a monthly stipend.

Program Requirements

The primary requirement is a submission of *an article to an international peer-review journal*. Whilst at CEU, Fellows will present one *Public Lecture* to their host Department and the broader CEU community. Within one month of completion of the Fellowship, Fellows are required to submit to the Special Projects Office of CEU a brief narrative report in English, describing the results of their research activities at CEU. *Within one year of completion of the Fellowship, Fellows are required to submit to the Special Projects Office a publication or an article prepared for publication in English, German, or French based on their original research at CEU.* The resulting publication should state that this research is the outcome of a Visiting Research Fellowship at CEU. *Fellows are required to be in residence at CEU for the duration of their Fellowship and are accommodated in CEU's Residence and Conference Center.*

Application Procedure

Beside the completed application form applicants are required to send their CV, a research proposal, one letter of reference, copies of relevant certificates.
