

EUROPEAN FILM GATEWAY IS ONLINE

The EFG Portal gives access to hundreds of thousands of film historical documents as preserved in European film archives and cinémathèques: photos, posters, programmes, periodicals, censorship documents, rare feature and documentary films, newsreels and other materials. Targeted at scientific researchers and the interested public alike, the EFG offers a look at and behind the scenes of filmmaking in Europe from the early days until today. The EFG facilitates online access to historical documents and leads users directly to the archives that hold the originals.
